

The 2nd Asia Conference on Unmanned Systems and Intelligent Control (USIC 2026)

<https://www.usic.asia>

On behalf of the Organizing Committee, it is our great pleasure to welcome you to the 2nd Asia Conference on Unmanned Systems and Intelligent Control (USIC 2026), which will be held from **September 12 to 14, 2026, in Singapore**—a global hub for technological innovation, smart infrastructure, and intelligent manufacturing.

Following the successful inaugural USIC 2025 in Hong Kong, China, which brought together researchers and practitioners from academia and industry across Asia and beyond, USIC 2026 continues to serve as a high-level international forum for sharing cutting-edge research, exchanging ideas, and fostering collaboration in the rapidly evolving field of unmanned systems and intelligent control.

Organizing Committees

General Chair

Prof. Maki Habib, The American University in Cairo, Egypt

General Chair

Prof. Youmin Zhang, Concordia University, Canada

Program Committee Chair

Assoc. Prof. Rui Gao, Shanghai Jiao Tong University, China

Program Committee Chair

Assoc. Prof. Wenfeng Hu, Central South University, China

Program Committee Chair

Assoc. Prof. Azhar Bin Mohd Ibrahim, International Islamic University Malaysia, Malaysia

Publication

All submitted papers will undergo a rigorous peer-review process facilitated by our conference committees. Accepted and presented papers will be featured in the USIC 2026 Conference Proceedings which will be published with Springer in their "**Lecture Notes in Networks and Systems (LNNS)**" series (E-ISSN: 2367-3389, ISSN: 2367-3370). Furthermore, the proceedings will be submitted for indexing to prominent databases including **EI-Compindex**, **SCOPUS**, **Google Scholar**, and **Springerlink**.

Contact Us

Conference Secretary: Jolene Zheng

Email: cfp@usic.asia

Website: <https://www.usic.asia>

Speaker

In alphabetical order by surname

Keynote Speaker

Prof. Wenshuo Wang, Beijing Institute of Technology, China

Keynote Speaker

Prof. Wei Xu, IEEE Fellow
Institute of Electrical Engineering, Chinese Academy of Sciences, China

Topics

Topics related to cutting-edge advancements in science, engineering, control, and intelligence for autonomous systems, including, but not limited to:

Track 1: Unmanned Vehicle Technologies

Track 2: Intelligent Control Systems

Track 3: Robotics and Autonomous Manipulation

Track 4: AI and Machine Learning for Unmanned Systems

Track 5: Sensing and Perception Technologies

Track 6: Communication and Networking for Unmanned Systems

Submission

Please choose either way to submit your papers.

1. Online Submission:

<https://www.usic.asia/openconf/openconf.php>

2. E-mai: cfp@usic.asia

Important Dates

Full Paper Due: July 16, 2026 (AoE)

Notification Date: July 23, 2026

Registration Deadline: July 30, 2026

Conference Date: September 12-14, 2026

SINGAPORE
